- Two different prices in the bill which would be the final price?

A: \$439 is final price

- Is this for two halls or just one?

A: event is for the entire residence hall

- Chocolate fountain concern with food safety

A: ok

Motion to end q/a by NorthWest  
2nd from SouthEast

Discussion:

- Great community building event, bracelets, and creative and fun
- Fun event and cost effective
- Solid bill and good opportunity for residences to come together
- Good bill but feels like it wasn't completely thought through
- Concern with food safety with chocolate fountain
- If they removed the chocolate fountain the marshmallows wouldn't make sense without chocolate. So they would need to remove those too if there is no fountain.

- Should they add sticks for chocolate foundation to make it safer?
- POC, have skewers on bill
- Love chocolate foundation idea but nervous about liability
- Another possible substantiation is a crock pot with bowls since less people would be dipping making it more safe
- They could rent crock pot from residence hall

Motion to extend Discussion by Southeast  
2nd by Northwest

- If they reach out to HDS that would be a good idea and have someone there to monitor the fountain or crock pot.
- If we do vote yes can we say they have to reach out to HDS for the fountain?
- POC, we cannot do contingencies on bills
- POI, Can we pass it and suggest they then reach out?
- POC, Yes we can suggest it
- Bill authors could also reach out to Environmental health services about the event.

- When would we see this bill next since elections are coming up?
- POC, next week
- Unique bill, with the sex toys, like the idea behind it with healthy relationships
- Like how RA's accounted for other genders giving options for goodie bags
- First concern with matchmaking event but had a lot of learning initiatives and resources

- POI, is it ok to share opinions or is it better to have a neutral stance?

- General people are learning about sex but not about relationships
